Letter dated the 5th May, 1931, from Dr. M.I.Neal Church of England, Zenana Mission Tuberculosis Hospital Bangalore.

S.N.2
p.u.c.II

Demi-official No.554/151, dated the 19th May,1931, from the Residency Surgeon.

---

1. Resident's Orders on p.u.c.I

We must help.

Please note on this. Points to be considered:-

(1) Our own financial position.

(2) Question of control if we make grant.

(3) Contribution by Municipality

etc.,

Residency Surgeon should see file and note

We shall have to go to Government of course.

Id/- R.C.B.

S.N.1
p.u.c.I

2. The authorities of the Zenana Mission Tuberculosis Hospital represent that the Hospital has come to a crisis in its financial affairs owing to the proposed stoppage, from November next, of the grant which the Hospital has been getting from the Church of England Zenana Mission General Committee in London and that, unless financial support is forthcoming from some other source, the Hospital will have to close down after November 1931. The appeal committee of the Hospital which met on 28th April, 1931 accordingly request that an annual recurring grant of Rs.10,000/- be given from the revenues of the Assigned Tract towards the up-keep of the Hospital.

P

3. Under Rule 62 of the Book of Financial Powers a Minor Local Government may sanction expenditure on grants-in-aid

grants-in-aid or contributions to medical institutions in accordance with such scales or such orders as may from time to time be prescribed or issued in this behalf by the Governor-General in Council. As the Governor-General in Council has not so far prescribed any scales or issued any orders, the Govt. of India's sanction is necessary to the payment of the annual recurring grant applied for.

4. If the application is to be granted in the current official year, i.e., from Nov. 1931 when the Church of England Missionary Society's grant will cease necessary provision to the extent of Rs.4170/- * will have to be made in the budget by reappropriation or otherwise. Whether or not it will be possible to find this amount by reappropriation it is too early to say.

* The proportionate amount for 5 months at Rs.10,000/- a year.

5. It may be mentioned in this connection that in the past the Hospital received non-recurring grants from Government on three occasions - Rs.7,350/- in 1913 for the construction of an open air ward for consumptive patients, Rs.5,200/- in 1918 for certain improvements to the sanitary system of the Hospital, and Rs.10,000/- in 1919 for constructing a separate ward for venerial diseases and quarters for the Indian Doctors of the Hospital. When the last grant was given, we expressed the hope that the authorities of the Hospital would be able in future to carry on their institutions without the financial assistance of the Government. In this connection attention is invited to para. 5 of S.No.92 in File No. 111/1092 (S&G).

Para 2 of S.N.93 111-92 Q

S.N.94 111-92 R

Para 2 of S.N.95 111-92 Z

6. Our financial position.

The receipts, expenditure and balance of the Assigned Tract from 1926-27 onwards are given below.

Year

Year.	Assigned Tract share of surplus revenue, i.e., datum line of Rs.13 lakhs plus ¼ share of surplus revenue over the datum line.	Expenditure of C & M Station including 1/3rd of Residency charges.	Balance.
1926-27	13,66,776	12,52,728	1,14,048
1927-28	13,60,332	12,67,915	92,417
1928-29	13,82,018	12,41,334	1,40,684
1929-30	13,97,244	12,35,032	1,62,212
1930-31 (Revised Estimates)	14,11,257	12,89,507	1,21,750

If the recurring grant of Rs.10,000/- applied for is sanctioned, the balance at the end of each year will be reduced by this amount. It would appear from the above figures that even after the payment of this Rs.10,000/- we shall have sufficient balance for expenditure on Civil works and payment of annual increments to the Police Force and other establishments. In these circumstances we may perhaps recommend to the Government of India the annual recurring grant of Rs.10,000/- applied for by the Zenana Mission Hospital.

* average expenditure per annum for past 5 years Rs 69,841/-

* Approximate amount required Rs 11,500/-.

7. Question of Control if we make a grant.

The control of the Hospital will remain as hitherto with the Church of England Zenana Mission Committee. But if we make a grant we may perhaps ask the Hospital Authorities to allow the Residency Surgeon to inspect the Hospital periodically, so that he may keep the Resident informed of the state of the Hospital from time to time. The Residency Surgeon by these periodical inspections may be able to satisfy himself that the Government grants are utilised

utilised for the purpose for which they are given.

The Hospital authorities may also be asked to admit into the Hospital any patients that may be recommended by the Residency Surgeon.

The Residency Surgeon may be asked to state in what other directions control should be exercised in case we make a grant.

8. Contribution by Municipality.

S.N.4/a
111-92
D

(a) In 1892 the Municipal Commission did not see their way to provide funds for the establishment of the Hospital.

S.N.15/a
111-92
S

(b) In 1893, however, they made a free gift of land for erecting the Hospital.

S.N.74
111-92
T

(c) Since 1917, the Municipal Commission have been contributing a sum of Rs.22/8/- per mensem for the scavenging of the Hospital.

S.N.75/a
111-92
N
(para 6)

(d) In 1918, when the Commission was approached for a grant for providing a water closet, septic tank etc., they held that such expenditure was not a proper charge on Municipal Funds.

S.N.1
244-30
U

(e) Again, in 1928, the Residency Surgeon made an unsuccessful attempt to get from the Municipal Commission a grant for the Hospital.

9. In view, however, of the financial crisis which the Hospital is now faced with, the Municipal Commission may perhaps be asked whether they are prepared to make a recurring grant for the up-keep of the Hospital.

10. It may be mentioned in this connection that in 1928, the Municipal Commission at the instance of Sir Steuart Pears instituted an investigation in

S.N.2/a
526-28
W

regard to the anti-tuberculosis measures to be

adopted

S.N.6/a
526-28
V

adopted in the Station. In 1930, the Commission came to the conclusion that the statistics collected did not show that the incidence of Tuberculosis in the Station was sufficiently great to justify any special steps being taken in the matter.

11. The file may, in the first instance, be sent to the Residency Surgeon u.o. for favour of remarks. He may also be asked to send up proposals officially for the payment of a grant-in-aid of Rs.10,000/- or less to the Hospital, so that we may address the Government of India.

Assistant Secretary

Later.

28/5

U.O.No. 3883 30th June 1931. The Residency Surgeon, Bangalore. U.O.

The Secretary.

I am of opinion that an application to the Government of India for Rs 10,000/- as an annual grant in aid to the Zenana Mission Hospital should be made.

1. No other Institution in the Civil and Military Station makes provision for the admission and special treatment of cases of T.B. among women.

2. The Institution has gained reputation for the work and has at present a Medical Staff competent to carry

3. If no assistance is immediately forthcoming, the balance of the grants and the salaries of the Doctor in charge and of two Nursing Sisters still being paid from Home , will cease to be available and the 2 voluntary workers services will cease, and the Hospital must close down after November 1931.

4. Up to the present time , the Municipality of the Civil and Military Station, though they gave a free site for the Hospital , has not contributed to the upkeep of the Hospital, and do not appear to be able to do so.

As regards control , in the event of the Government of India agreeing to the grant , I consider that

1. The Zenana Mission should undertake to maintain as either the Senior Doctor , or her second in Command, a lady doctor fully qualified with an European qualification and with a special knowledge of T.B. work , and with sufficient surgical skill to be able to carry out Pneumothorax and other special treatment now required in the up-to-date treatment of T.B.

2. The Residency Surgeon should have authority to visit the hospital, and from time to time supervise its working.

3. The hospital shall agree to receive cases of T.B. from the Lady Curzon Hospital when desired by the Residency Surgeon . The Residency Surgeon has good reason to believe that 1 and 3 will be readily accepted.

OFFICE OF THE RESIDENT IN MYSORE.
BANGALORE.
5 JUNE 1931

S.N.. 3. **Letter No.704/151, dated the 4th June 1931 from the Residency Surgeon, Bangalore.**

---

and notes in paras 12 to 17.

Please see P.U.C.III / The Residency Surgeon , Bangalore strongly recommends the payment of a grant of Rs.10,000/- per annum to the Zenana Mission Tuberculosis Hospital on certain conditions.

In order to enable the Government of India to sanction the proposal during the current year, it is necessary to say how it is proposed to meet the additional expenditure involved during the current year.Otherwise the Government of India are not likely to sanction any ~~any~~ additional grant. In the current year's Assigned Tract budget a sum of Rs. 12,000 has been reserved under the head " Account III -Medical and Public Health-A.-Hospitals and Dispensaries-A.S. -Works" without being allotted to the Municipal Executive Engineer, to meet the additional grant , if any, required under "A-4-Cost of Medicines and Diet of Patients" and "A-6 Other Expenses (Contingencies If approved the sum of Rs.4,170/- required during the current year for the payment of a grant to the Zenana Mission Tuberculosis Hospital may be reappropriated from the above allottment of Rs.12,000/- and the balance reserved to meet the additional grants required under "Supplies and Services" and "Contingencies"

* Vide para 4 of the notes.

If approved, the Government of India may/now be addressed in the matter.

T. N. Thangavelu Mudaliar. 12-6-1931

Secretary.

The bill should go urgently to P.U.C. No 6 or Finance to whether the Commissariat should be likely to sanction a recurring grant. If so how much. 9/57 12/6

Urgent

To

U.O. No. 4260, dated the 15th June, 1931.

The President, Municipal Commission, Civil and -
Military Station, Bangalore, U.O.

GT.60/31
RY STATION, BANGALORE
BP Hale

Dear Mr Mac is little likelihood that the Commission will agree to the payment of any subsidy for Municipal Funds. Even if many members are opposed to the presence of a Tuberculosis Hospital in the Station, as they fear that it may mean an influx of tuberculous patients into the Station.

Furthermore the Local Hospitals are a definite charge on the revenues of the Cantonment, rather than on the funds of the Commission.

Even if they were agreeable to the Local Fund Contribution, it could hardly exceed Rs 1,200 per year.

SECRETARY

Might I suggest the following in connection with Draft:-

Page III- Para.3. I should not be inclined to emphasize the fact that the Municipal Commission " have not seen fit to debit their budget with etc." I inserted this in my draft because I wished the Resident to raise this point with the President of the Municipal Commission. Mr. Pears appeared to consider the provision of some assist-ance to be the duty of the Municipal Commission and desir-ed to press them to undertake the responsibility of begin-ning Antituberculosis work. But it does not help the argu-ment with the Government of India that the Commission refuses to do anything. Government of India may say that in this case why should Government of India worry ?

I should therefore prefer to put it otherwise,as for instance "In view of the fact that the Municipal Com-mission of the Civil & Military Station already supports four Municipal Dispensaries and is responsible for ¼ of the expenditure incurred in salaries of staff and in the upkeep of the new Isolation Hospital for Infectious Dis-eases, that body is not at present in a position to provide a grant from its budget towards the upkeep of the Zenana Mission Tuberculosis Hospital. The Commission did, however, present the site on which this hospital now stands.

Page III- Para.5. Please note that Rs 30,000/- is exclusive of the cost of salaries of European doctors (one) and two European Nurses. I therefore suggest the addition of the words " and exclusive of salaries of one European doctor and two European Nurses"

Page IV- Para 6. (e.g. remarks on Page III-Para 3 as above). If we make a point of saying that the Commission is not persuaded of the necessity of measures against T.B. in the Civil & Military Station, the Government of India might be

might be tempted to reply that action on their part would be premature if it is in advance of the Sanitary Conscience of the Municipal Commission. I should suggest recasting this para, leaving out the opinion of the Municipal Commission and emphasizing certain other facts.viz:-1)Mr. Stuart Pears' opinion of the necessity for action 2) the meagre provision for T.B. patients in Mysore State, 3) the fact that there is only one hospital in the Civil & Military Station which specializes in T.B. work, and has already succeeded in educating the public to the point of applying in increasing numbers for such special treatment and 4) the known and proved prevalence of T.B. in the Civil & Military Station.

In April 1928, the Hon'ble Mr. Stuart Pears urged the Commission to consider the necessity of providing a T.B. Dispensary. For the necessity of such provision there can be no doubt from the following considerations:-

1. A Census taken quarterly in 3 hospitals and 4 dispensaries in the Civil & Military Station has accumulated statistics for the last 4 years. Bearing in mind that ordinary measures as used by Out-patient methods will only detect a fraction of all tubercle cases, the numbers were still sufficiently large to point to the great necessity for work directed against tuberculosis in this Station.

Besides the Zenana Mission Tuberculosis Hospital in the Civil & Military Station, there are only 2 other Institutions in the whole of Mysore State which specially cater for T.B. patients.

1) The hospital at Madnapalli, 80 miles away and there is no free admission for Mysore patients.

2) The Mysore City Tuberculosis Hospital of some 40 beds which is supposed to serve the requirements of all Mysore State.

Page VII- Para.11. If we state that the alterna-tive to the Government of India's not agreeing to sanction the grant in favour of the Church of England Zenana Mission Tuberculosis Hospital is that we shall have to maintain a fully equipped Tuberculosis Hospital, it may strike them as a slight overstatement. The number of Cities in British India which have a special T.B. Hospital must be few. However desirable these are, the Government of India has only so far embarked on only one special institution (Bawali, since closed down, I think) while most municipalities cannot have got further than a T.B. Dispensary only.

I should therefore inclined to emphasize, by way of summing up the argument, that "in view, therefore, of the preceding considerations, I should like in conclusion to emphasize that in the Church of England Zenana Mission Tuberculosis Hospital we have an hospital in active work, gaining an ever growing reputation for the special treatment of T.B. and the only institution of its kind in the Civil & Military Station of 1,34,123 inhabitants. To allow this hospital to close down for the lack of the comparatively moderate sum of Rs 10,000/- per annum would be most inadvisable. The public has already realised the need for such an institution, and it cannot be long before the comparatively highly enlightened community of Bangalore will demand that the local administration shall give serious attention to providing special treatment for T.B. and suitable Hospital accommodation on such a scale as to put these advantages at the disposal of all communities and all sexes in the Civil & Military Station.

I fully realize that the present period is one of great financial stringency, but none the less, I am convinced that it would be a great misfortune if we allowed such a promising institution as the Zenana Mission Tuberculosis Hospital to close its doors and terminate its most valuable work for the community on account of the lack of timely assistance

Page VII- Para.11. If we state that the alterna-tive to the Government of India's not agreeing to sanction the grant in favour of the Church of England Zenana Mission Tuberculosis Hospital is that we shall have to maintain a fully equipped Tuberculosis Hospital, it may strike them as a slight overstatement. 13-10

The Committee for the Church of England, Zenana Missionary Society Headquarters are quite willing to accept the conditions namely that the Society should be responsible for maintaining a duly qualified doctor and also two European Nurses etc., . But the Committee would prefer that this arrangement should be for a period in the first instance, of say three or four years, with twelve months notice on either side and a mutual option to extend the period at the end of this time. They say that their reason for making this condition is the ------ possible difficulty of maintaining the personnel with qualifications for T.B. work. The above condition does not appear to be necessary.

In memorandum No. D. 1784-A/31, dated the 14th ------ August, 1931, the Government of India are pleased to [redacted] sanction for the Zenana Mission Tuberculosis Hospital at Bangalore a recurring grant-in-aid of Rs. 10,000/- from the Assigned Tract revenues with effect from the 1st November

November, 1931, subject to certain guarantees. This grant will therefore be continued as long as the Corresponding Secretary of the Church of England Zenana Mission Society in Madras continues to give these guarantees. There is no time limit ~~has been~~ fixed by the Government of India.

85

My dear Kirkbride,

The conditions on which the F. & L. Las undertakes to sanction the Grant of Rs10, 000 per annum to the Kolara Ld. F. B. Hospital are causing the present incumbent of the post of Doctor to the above Institution some anxiety. She has admitted to being Generally qualified only, but requiring some additional Special experience in F. & C. work. The Society has been so far unable to send a woman Doctor who can literally be said to be able to fulfil the Conditions laid down. Realising this at an early stage of her stay here, she told me, and then Consulted Dr Fredmoore Miller of Madanapalle about being given Special instruction. To the first instance he seems to have promised her a Course of 4 mos, but has now declared that he cannot take her for less than 6 mos.
She has written to Mrs Ingall to the Society to inform

OFFICE OF THE RESIDENT IN MYSORE.
BANGALORE.
- 5 DEC. 1932
Regd. No. 10851

Kenn & to request that they may speedily replace her from Home for the period of six months. She does not, however, expect that they will be able to do so soon enough to permit her to avail herself of the proposed special instruction at Madras. I am accordingly advised her to write at once to Dr Ann Agnes Scott, Women's Med. Assoc. of India, asking her help in procuring a qualified substitute. As the Salary demanded by doctors of the W. Med. Assoc is more than the Rs 135/- per mens. at present available for a doctor, it is possible that no suitable substitute will be forthcoming. I advised her to also ask Dr Scott if she could get some one from the Hardwar Med. College. In the meantime, I cd. write to the Surgeon General, Madras, & ask if any Anglo Indian Lady Dr wd care to act for 6 months in the L. Mens' Hosp. — Observing the Society is unable to fulfil the Cond^ns, but it wd be wise, I think, to waive them for the present, & endeavour to get Miss Parsons qualified in Tuberculosis work by securing a substitute — The alternative, which wd be regrettable, wd be to allow the L. Hosp. to lose the Grant — which wd mean closing of the Hospital. — Yours Sincere

Page 85 of the notes

86

P. & R. No. 5

Resp(K)

D.O. letter dated the 3rd December, 1932, from Bt. Col. J.McPherson, Residency Surgeon, Bangalore.

-- --------

Please see memorandum No. D. 1784-A/31, dated the 14th August, 1931, in which the Government of India sanctioned a grant of Rs. 10,000/- to Zenana Mission Tuberculosis Hospital subject to certain conditions. One of the condition is "that the society undertake to maintain in the hospital a fully qualified European Lady Doctor with British qualifications, with special experience in Tuberculosis and with ------ adequate medical and surgical ability to carry out the ------ interventions now required in the up-to-date treatment of ----- Tuberculosis(Viz., Induction of Pneumothorax. Phrenic avulsion, Surgery of Tuberculous glands and abscesses). Miss Parsons , the present Lady Doctor is stated to be generally qualified but requires some additional special experience in T.B. work. Therefore she wants to undergo 6 months' training in Madanapalli Hospital. Meanwhile it is proposed to appoint a substitute for doing her work.

87

The Society is therefore not able to fulfill the ------- condition referred to above. The Residency Surgeon therefore recommends that the above condition may be waived for the present. The sanction of the Government of India appears to be necessary for the proposal.

88

If approved the Residency Surgeon may be asked to ------ address officially with a view to address the Government of India in the matter.

Submitted for orders.

95-A

Dear Colonel McPherson

Since I saw you I have made enquiries in various directions to try & get someone suitable to take over the work here for six months while I go to Madanapalle.
I have heard from a D: Toussaint who might come through she would prefer a permanent post. She has had some ten years experience, chiefly in mission hospitals, her testimonials are good - she has had responsibility. She is a "domiciled European" & a Bangalore resident. Her qualifications are L.M.P. Ludhiana & D.T.M. Calcutta. With these qualification & experience

would you consider her suitable
to fill the gap here?
All my other enquiries have
so far had no result.
I wrote to Dr Scott but the W.H.S.
cannot supply or suggest anyone.

yours sincerely,

L.G. Parsons.

I should be much obliged if you
would let me know early what you
think so that I may be able to
give Dr Townsend an answer.

D.O. No. 2057/151

Residency Surgeon's Office
Bowring Civil Hospital
Bangalore 17th. Decr. 1932

95-C

" I shall agree to recommend Miss Toussaint's name for the interim post, and I am sending on your letter to the Secretary to the Resident for his perusal. I have no doubt he will agree, and I expect the Resident will also agree. Your predecessor, Miss Neale, was inclined to imagine that things like this should be arranged in a few days, and I was struck with her attitude in this respect. It even gave one the impression that she did not appreciate the amount of effort made by the Resident, the Secretary and myself in the teeth of the retrenchment campaign, to get the Rs 10,000/-. It was open to me later to point out to her, though I refrained, that when the Zenana Mission Society accepted the conditions, they should only have done so, if they were sure they could carry them out. As events have transpired, they have not been able to do so. What we are now trying, therefore, is to endeavour as far as possible to remedy what they have left undone, and we shall all try to do so. You will understand, I am sure, the circumstances and make the necessary allowances for the time required to fix up the matter. "

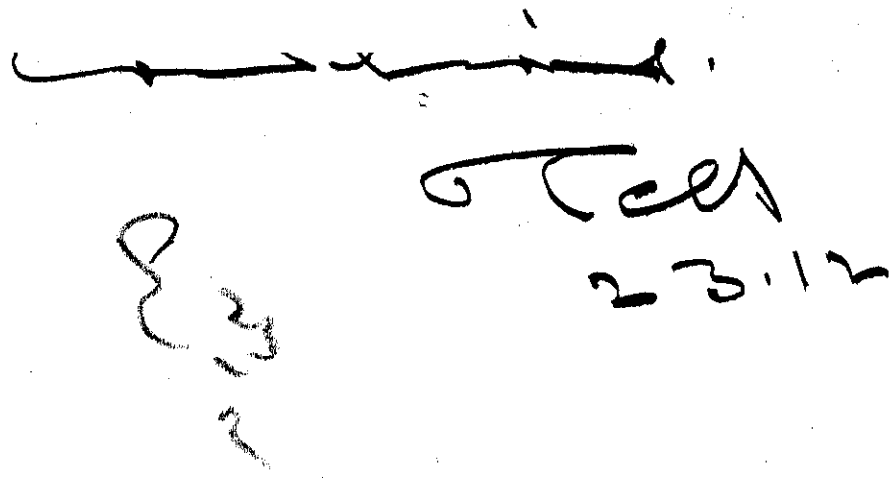
When we hear from Govt we shall write to the Residency Surgeon in Madras & make necessary arrangements for their proceeding to



Nursing Hospital,
22.12.32

Dear Sir Burke,

I invited down to my hospital today Dr Ivan Parsons, & discussed the situation.

(1) She is possessed of the English Conjoint Diploma (viz. L.R.C.P., M.R.C.S. & tells me she graduated in 1918.

(2) She has worked in India, but mostly at the Zenana Hospital, Amritzar — with 90 beds. She has held house phy. & surg. posts in England before coming East.

In short, she is an well qualified as one is likely to get in the Russian Service.

③ The Lady D. when she
hopes will be allowed to replace
her is a Miss Toussaint. Anglo Indian,
Qualified on American Coll. with the L.M.S.—
Domiciled European. is actually how she
styles Miss Toussaint — who has about 10 yrs
Medical & Surgical Experience, but no Special
T.B. Experience.
As Dr Fredrick Müller has agreed to take Miss Parsons
if any happens to have quarters free now, she
hopes to be allowed to leave Bangalore on
January 4th, & has already made arrangts for
Miss Toussaint to take over on the 2nd Jan:
I am of opinion that, in the Circumstances,
we have no option now but to let Miss
Miss Toussaint act. We are only Committed
for Six months at a time, and we can
decide within that period in accordce with
the G. of Is wishes, as influenced by Success
of the Meeow. Jn intend Sending — Jn Succession

122

Issued No. 3592, dated the 11th May, 1933.

S.N. 4.
Slip "A".

The history of the case is given below:-

The Church of England Zenana Mission Hospital, --- Bangalore, was started in 1894 as a general hospital for the treatment of Indian women and children irrespective of religion. The Tuberculosis work began in 1913 when the Government of India gave a grant for the erection of a "Roof" ward for the treatment of 14 patients. In 1928 it was decided to extend the accommodation and adapt other wards for open-air treatment. As at present constituted the hospital has 60 beds for tuberculosis and 30 beds for general and maternity patients. No other institutions in the Civil and Military Station makes provision for the admission and special treatment of T.B. among women.

123

Owing to contraction of subscriptions etc. at Home, the Church of England Zenana Mission General Committee in London wrote to the Doctor in charge, stating that they would maintain their grants for the up-keep of the ------ hospital until November, 1931, but no longer. An Appeal Committee was formed on April 28th to consider what should be done. The Committee urged that a grant to enable the hospital to keep going would be a legitimate charge on the revenues of the Assigned Tract. In July, 1931, Sir Richard Burke recommended to the Government of India the payment of a recurring grant of Rs. 10,000/- per annum to the Zenana Mission Tuberculosis Hospital, Bangalore, from the Assigned Tract revenues subject to the following --------

S.N. 4.

guarantees:-

"The Zenana Mission Committee should be asked to guarantee

(1) the maintenance of their grants to the hospital

to the extent they have hitherto done, with the exception of the sum now about to be cut from November, 1931.

(2) that the society undertake to maintain in the hospital a fully qualified European Lady Doctor with ----- British qualifications, with special experience in ------- Tuberculosis and with adequate medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis.

(3) They will be asked to permit the Residency ----- Surgeon or his Deputy to visit the hospital from time to time and ascertain to what extent Government money is being usefully employed. The Residency Surgeon or his Deputy---- shall have power to make suggestions towards the proper --- conduct of the hospital if necessary.

(4) The Zenana Mission Tuberculosis Hospital will and undertake to receive on the recommendation of the Residency Surgeon a certain number of female cases who may apply at the Civil and Military Station hospital and dispensaries for T.B. treatment and whom he may desire to refer to the Zenana Hospital for medical aid. "

ZENANA MISSION TUBERCULOSIS HOSPITAL,
BANGALORE,
S. INDIA.

5th May, 1931.

Dear Colonel Burke,

This Hospital has come to a crisis in its financial affairs. After next November the Church of England Zenana Missionary Society grant - which represents nearly a quarter of our income - will be stopped, and unless we can obtain a grant from another source the Hospital will have to close down.

An Appeal Committee has been formed, which met on April 28th to consider what should be done. I enclose a Report of the Meeting.

The Committee feel that a grant to enable the Hospital to keep going would be a legitimate charge on the revenues of the Assigned Tract, and they have asked me to approach you and ask if you would be good enough to allow them to lay the facts before you. Would you very kindly let me know if you are willing to do this, and what date and time would be convenient for you.

Yours sincerely,

Margaret I Neal

Regd. No. 4832
File No. 144-30

CHURCH OF ENGLAND ZENANA MISSION TUBERCULOSIS HOSPITAL,

B A N G A L O R E.

---:O:---

In April 1931 at a financial crisis in the affairs of the Hospital, an Appeal Committee was formed.

The following very kindly agreed to be members:

Mrs. Newman,

The Rt. Rev. the Lord Bishop of Madras,

Bt. Col. J. McPherson, I.M.S.

Lt. Col. C. Newton-Davis, I.M.S.,

Major D. McDonald, I.M.S.,

G. H. Cooke, Esq.,

K. Matthan, Esq.,

Miss Potter,)
) C. E. Z. M. S.
Dr. M. Neal.)

---:O:---

A Meeting of the Zenana Mission Tuberculosis Appeal Committee was held on April 28th at 6.45 P.M. at the Hospital Staff Bungalow.

The following were present:

G. H. Cooke, Esq.,
Bt.Colonel McPherson,
Lt. Colonel Newton-Davis,
Major Macdonald,
Miss Potter.
Dr. Neal.

Mr. Cooke kindly agreed to act as Chairman.

The following extract from a Resolution regarding the Bangalore Hospital passed in March 1931 by the C. E. Z. M. General Committee in London was read:

> "The (C.E.Z.M.) Committee feel that they are unable to continue responsibility for this work after November next, unless it is possible to obtain such financial help in the way of grants from the Government or Municipality which will be equivalent to what is now being paid by them to run the Hospital".

After discussion the Committee unanimously agreed that efforts should be made to obtain a grant to enable the Hospital to continue its work. The question of an Appeal to the Red Cross for a grant from the King's Thanksgiving Fund was first considered. Colonel McPherson said he had already corresponded with the Secretary, Mr. Mehta, on the subject, and thought it possible that help from the Fund might be forthcoming, in spite of a discouraging reply to an appeal for new Nurses' Quarters which was made in 1930. it was decided, however, that as the King's Thanksgiving Fund would be unlikely to provide a recurring grant sufficient to meet the needs of the Hospital, no appeal should be made to them at present.

The question of an appeal to the revenues of the Assigned Tract was then discussed. It was resolved that for the following reasons such an appeal should be made:

The Zenana Mission Hospital, in the Bangalore Civil & Military Station, largely attended by residents in the Civil and Military Station, is faced with the certainty that

14

a considerable part of its income will cease in November 1931, as the Church of England Missionary Society grants/ towards the upkeep of the Hospital will thereafter not be ~~x~~ available. If the money is not forthcoming from some other source the Hospital will have to close down and the loss of 90 beds now available for patients will inevitably cause distress and also overcrowding in other institutions. Also it will mean that the balance of the funds now received from Home for work in the Civil and Military Station will be directed to other institutions and causes and will definitely be lost to the Civil & Military Station. In addition to this the salaries of the doctor in charge and two nursing sisters are paid from Home and two other European workers are honorary members of the staff.

There is little or no possibility at present of raising subscriptions locally. Donations to all charitable objects are rapidly decreasing and a new object will receive little or no support.

In the circumstances the Committee feel that financial support to the Hospital would be a legitimate charge on the revenues of the Assigned Tract and request that an annual grant of Rs.10,000/- be made towards the upkeep of the Hospital, which amount they consider essential to keep the institution going.

It was resolved to place these facts before the Resident & ask him if he would be good enough to meet the Committee to discuss the matter.

"C O P Y"

D.O.No. 554/51.

Residency Surgeon's Office
Bowring Civil Hospital
Bangalore 10th May 1931.

Dear Kirkbride,

At the opening of the Private wards of the Hajee Sir Jamsetjee Jeejeebhoy Hospital on 7th March 1931, the Hon'ble the Resident in his speech made reference to the great need for the provision of funds for anti tuberculosis work, and hoped that a Donor might come forward and help on this work. He pointed to the good work now being done in the provision of aid to T.B. cases by the Zenana Mission Hospital.

Some 3 years ago Mr Pears urged the Municipality to consider the necessity of providing a T.B. dispensary. The matter was considered, and the Commission was not in favour of providing funds for such a scheme, alleging the relative infrequency of T.B. in a healthy station like Bangalore, and maintaining that if a Tuberculosis Dispensary and still more a T.B. Hospital were erected in the Civil and Military Station, cases from the City and from areas outside the station would congregate and await admission, and so add to the T.B. in the station. As it was obvious that the Commission were not then to be convinced of the necessity of doing anything, Residency Surgeon suggested using the Hospitals and Dispensaries under his charge in procuring an approximate census of the T.B. cases

coming to these Institutions, the names, places of residence &c were noted , and every 3 months returns submitted via The Residency surgeon to the Health Officer. It was thought that this would convince the Commission of the necessity for further steps, but so far the opinion on the subject has not changed.

As a result of the information given by the Home Authorities responsible for maintaining the Zenana Mission Hospital in Bangalore, it appears that though the salaries of the staff &c will be maintained , the amount required to carry on the Hospital has in future to be contributed , if possible by the public for whom the Zenana Mission Hospital works. As it does not seem likely that the necessary sum can be collected locally, some other means of getting together this sum must be arrived at, else the Zenana Mission Hospital will close down after November 1921.

When the Residency Surgeon was in Ooty, it was seen from the Madras Mail that the King George T. Fund had appointed Dr. Mehta as secretary. This intimation was also seen by Mrs Newman wife of General Newman , and sent to the Residency Surgeon who then sent it to the Medical Officer Zenana Mission Hospital. After consulting with Dr.Miss Neal, the Residency Surgeon wrote to the Secretary of the Fund, sending details of the T.B. work done in the Z. Mission and hoping that the Committee would see its way to assisting with a grant. The reply indicated that the funds would probably be employed in propaganda , but no

direct negative was given . A Committee meeting was thereafter held in the Women's Mission Hospital on 21st April 1932 at which Mr. Cocke I.C.S. presided , and when there were present - Dr.Miss Reid, Col. Matheson , Lt.Col. Newton Davis , Major.McDonald and Miss Potter . It was thought by Mr.Cocke that any charge for T.B. work should fall on the Civil and Military station Budget and not on the Municipal Funds. It was thought doubtful if the King George Fund would help, and it was decided to put the matter before the Resident on his return from Coorg, in the hope that some suggestions to meet the situation might be forthcoming.

The Residency Surgeon promised that he would write to the Viceroy's surgeon in case he might influence the Committee of the Fund to at least give a donation this year towards assisting the Hospital to carry on , until the financial situation for 1932 could be adequately arranged for . The above note is put up in case Dr.Reid wishes to approach the Resident shortly , with a view to arrange with him that he meet the Committee mentioned above, in which Mr. Cocke , The Residency Surgeon, Lt.Col. Newton Davis &c took part.

Yours sincerely

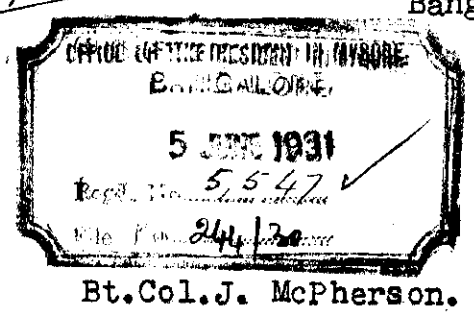
No 704/151.

Residency Surgeon's Office
Bowring Civil Hospital
Bangalore 4th June 1931.



From,

Bt.Col.J. McPherson. M.A.,M.B.,F.R.C.S.E.,M.R.C.P(Lond)
I. M. S., K.H.S.
Residency Surgeon... Bangalore.

To,

The Secretary to the Resident,
in Mysore..... Bangalore.

Sir,

I have the honor to bring to your notice the following details with regard to the Zenana Mission Tuberculosis Hospital in the hope that the Hon'ble the Resident will see fit to make application to the Government of India for permission to provide from Civil and Military Station funds a grant of Rs 10,000/- per annum to render possible the continuance of the above hospital , which will otherwise have to shut down after November of the pre sent year; as the grant which will cease in November constitutes nearly ¼ th of the income its loss will make it impossible to carry on the work of the hospital.

Owing to contraction of subscriptions &c at Home, the Zenana Mission authorities have written to the Doctor in charge stating that they will maintain their present grants for the

upkeep of the hospital until November 31 but no longer.

The Home Society however are able to continue to supply a yearly sum which will cover a considerable part of the expenditure of the hospital and the society will remain responsible for the salaries of the Doctor in charge and two Nursing Sisters. The services of 2 voluntary workers will also still be available. It is not possible to depend on subscriptions in Bangalore to make up an appreciable portion of this deficit as all are suffering from the deterioration in economical condition.

The Municipality has hitherto given assistance by presenting the site on which the present hospital stands. But that body has not seen fit to debit their budget with any grant towards the upkeep of the Zenana Hospital.

Under these circumstances the only hope of carrying on this hospital, providing, as it does 60 beds for T.B. cases and 30 beds for maternity cases, will be by obtaining from the revenues of the Civil and Military Station a yearly grant sufficient to replace the sum now to be deducted from the contributions hitherto given by the Zenana Mission General Committee in London.

In the course of a previous representation on the subject of assistance to the Zenana Hospital in 1918, it was suggested by the then Resident that Government might consider the question of taking over the Zenana Hospital and running it as a unit under the Dufferin Fund and in connexion with the Womens' Medi-
cal

S IV. E
III/92

Association.

5. If this were now done, the expenditure which Government would incur would be at least Rs 30,000/- per annum ~~and~~ apart from the initial expense of purchasing the buildings and there would be involved the loss of the Zenana Mission contribution and donation from other religious bodies and philanthropic persons (for endowed beds) which make up the above sum. At the present time, it would appear inadvisable to discuss such a transfer of the Hospital , as the expense involved would probably have no definite countervailing advantage.

7. If the Government of India decides in favour of such a grant to the Zenana Hospital , I should recommend that the Zenana Mission Committee should be asked to guarantee :-

1. the maintenance of their grants to the Hospital to the extent they have hitherto done , with the exception of the sum of now about to be cut from November 1931 .

2. that the Society undertake to maintain in the Hospital a fully qualified European Lady Doctor with British qualifications and with special experience in Tuberculosis and with adequate Medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis (Viz; Induction of Pneumothorax . Phrenic avulsion , Surgery of Tuberculous

glands and abscesses) .

3. They will be asked to permit the Residency Surgeon or his Deputy to visit the hospital from time to time and ascertain to what extent Government money is being usefully employed . The Resi. dency Surgeon or Deputy having power to make suggestions towards the proper conduct of the Hospital if necessary.

4. The Zenana Mission/Tuberculosis Hospital will undertake to receive on the recommendation of the Residency Surgeon/a certain number of female cases who may apply at Civil and Military Station Hospitals and dispensaries for T.B. treatment and whom he may desire to refer to the Zenana Hospital for Medical aid.

I have the honor to be
Sir,
Your most obedient servant

J McPherson

Col. I.M.S.
Residency Surgeon.

S.N. 4 113

No. 4784 S.N. 4
~~244-1930.~~

From

The Hon'ble Lieutenant Colonel R.J.C.Burke,

Resident in Mysore.

To

The Political Secretary to the Government of India,

Foreign and Political Department.

Through

The Pay and Accounts Officer,

B a n g a l o r e.

Dated Bangalore 6th July, 1931.

Recurring grant to Zenana Mission Tuberculosis Hospital, Bangalore.

Sir,

S.N. 94/III-1992. I have the honour to refer to your memorandum No. 66-Est.B., dated the 7th January, 1919, according sanction to a non-recurring grant of Rs.10,000/- from the revenues of the Assigned Tract of Bangalore to the Church of England Zenana Mission Hospital at Bangalore for improvements in the Hospital building.

S.N. 1/a
244-1930.

2. The Hospital was started in 1894 as a general hospital for the treatment of Indian women and children, irrespective of religion. It is situated in the Civil and Military Station, Bangalore. The Tuberculosis work began in 1913 when the Government of India gave a grant for the erection of a "Roof" ward for the treatment of 14 patients. In 1928 it was decided to extend the accommodation and adapt other wards for open-air treatment. As at present constituted the hospital has 60 beds for tuberculosis and 30 beds for general and maternity patients. 190 pulmonary and surgical tuberculosis cases were admitted in the year 1929.

14

Page 4 of the Report of 1930.

256 patients suffering from Tuberculosis were admitted to the wards for in-patient treatment during 1930. 85 per cent were of the pulmonary type, either uncomplicated or in association with tuberculosis of other parts of the body. No other Institution in the Civil and Military Station makes provision for the admission and special treatment of T.B. among women. The Institution has gained reputation for the work and has at present a Medical staff competent to carry on this work.

Para 2 of S.N.3.

3. Owing to contraction of subscriptions etc., at Home, the Church of England Zenana Mission General Committee in London have written to the Doctor in charge, stating that they will maintain their present grants for the up-keep of the hospital until November, 1931, but no longer. The Home Society however are able to continue to supply a yearly sum which will cover a considerable part of the expenditure of the hospital and the Society will remain responsible for the salaries of the Doctor in charge and two Nursing Sisters. The services of two voluntary workers will also still be available. It is not possible in view of the present economic conditions to depend on subscriptions in Bangalore to make up an - appreciable portion of this deficit. In view of the fact that the Municipal Commission of the Civil and Military Station already supports four Municipal Dispensaries and is responsible for ¼th of the expenditure incurred in salaries of staff and in the up-keep of the new Isolation Hospital for infectious disease that body is not at present in a position to provide a grant from its budget towards the up-keep of the Zenana Mission Tuberculosis Hospital. The Commission did, however, present the site on which this hospital now stands.

4.

15

S. N + A + 1/B + 1/C

4. An Appeal Committee has been formed which met on April 28th to consider what should be done. I enclose a report of the meeting, with enclosures, received from Dr. Miss Neal. The Committee urge that a grant to enable the hospital to keep going would be a legitimate charge on the revenues of the Assigned Tract.

Paras 5 of S.N 3.

S.N 92 111-92

5. In the course of a previous representation on the subject of assistance to the Zenana Hospital in 1918, it was suggested by the Hon'ble Mr. Cobb, the then Resident, that Government might consider the question of taking over the Zenana Hospital and running it as a unit under the Dufferin Fund and in connection with the Women's Medical Association.

If this were now done, the expenditure which Government would incur would be at least Rs.30,000/- per annum apart from the initial expense of purchasing the buildings etc. and exclusive of salaries of one European doctor and two European Nurses. At the present time it would appear inadvisable to discuss such a transfer of the hospital, as the expense involved would probably have no definite countervailing advantage.

S.N.1 526-28

6. In April 1928, the Hon'ble Mr. (now Sir Stewart) Pears urged the Commission to consider the necessity of providing a T.B.Dispensary. For the necessity of such provision there can be no doubt from the following considerations:-

A Census taken quarterly in 3 hospitals and 4 dispensaries in the Civil and Military Station has accumulated statistics for the last 4 years. Bearing in mind that ordinary - - measures as used by Out-patient methods will only detect a fraction of all tubercle cases, the numbers were still sufficiently large to point to the great necessity for work directed against tuberculosis in this Station.

Besides

116

Besides the Zenana Mission Tuberculosis Hospital in the Civil and Military Station, there are only 2 other Institutions in the whole of Mysore State which specially cater for T.B.patients.

(i) The hospital at Madnapalli, 80 miles away and there is no free admission for Mysore patients.

(ii) The Mysore City Tuberculosis Hospital of some 40 beds which is supposed to serve the requirements of all Mysore State.

8.M.3. 7. The Residency Surgeon, Bangalore, who was consulted in the matter, recommends that a recurring grant of Rs.10,000/- per annum may be paid to the Zenana Mission Tuberculosis Hospital, Bangalore, to render possible its continuance as otherwise it will have to shut down after November of the present year, the month in which the grant from the Church of England Zenana Mission Society will cease. This grant constitutes nearly ¼th of the income, and its loss will make it impossible to carry on the work of the hospital.

8. In the circumstances I strongly recommend that the Government of India may be pleased to sanction a recurring grant of Rs.10,000/- (Rupees ten thousand) per annum to the Zenana Mission Tuberculosis Hospital, Bangalore, with effect from the 1st November, 1931, from the Assigned Tract revenues.

8.14.1 A. If the grant is not sanctioned the closing down of the hospital will entail the loss of 30 beds now available for patients and will inevitably cause distress and also overcrowding in other institutions. Also it will mean that the balance of the funds now received from Home for work in the Civil and Military Station will be directed to other institutions and causes and will definitely be lost to the Civil

17

Civil and Military Station, Bangalore.

Para 7 of P.W.& M. S.No.3.

9. If the Government of India decide to sanction the proposed grant, I should recommend that the Zenana Mission Committee should be asked to guarantee:-

(1) the maintenance of their grants to the hospital to the extent they have hitherto done, with the exception of the sum now about to be cut from November, 1931,

(2) that the Society undertake to maintain in the hospital a fully qualified European Lady Doctor with British qualifications, with special experience in Tuberculosis and with adequate medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis (Viz., Induction of Pneumothorax. Phrenic avulsion, Surgery of Tubercuious glands and abscesses),

(3) They will be asked to permit the Residency Surgeon or his Deputy to visit the hospital from time to time and ascertain to what extent Government money is being usefully employed. The Residency Surgeon or his Deputy should have power to make suggestions towards the proper conduct of the hospital if necessary.

(4) The Zenana Mission Tuberculosis Hospital will undertake to receive on the recommendation of the Residency Surgeon a certain number of female cases who may apply at the Civil and Military Station hospitals and dispensaries for T.B. treatment and whom he may desire to refer to the Zenana Hospital for medical aid.

10. The extra cost involved by the proposal amounts to Rs.10,000/- per annum. No provision has been made for the proposal in the current year's Assigned Tract budget - - estimates. The sum of Rs.4,170/- (Rupees four thousand one hundred and seventy) being the proportionate grant for 5 months during the current year will be met by reappropriation as shown in the enclosed statement. I request that the

118

the Government of India may be pleased to sanction the above reappropriation and permit me to make the necessary provision in the Bangalore budget estimates for 1932-33. The Bangalore share of the Assigned Tract revenues would be able to meet this expenditure.

11. In view, therefore, of the preceding considerations, I should like in conclusion to emphasize that in the Church of England Zenana Mission Tuberculosis Hospital we have a hospital in active work, gaining an ever growing reputation for the special treatment of T.B. and the only institution of its kind in the Civil and Military Station of 1,34,123 inhabitants. To allow this hospital to close down for the lack of the comparatively moderate sum of Rs.10,000/- per annum would be most inadvisable. The public has already realised the need for such an institution, and it cannot be long before the comparatively highly enlightened community of Bangalore will demand that the local administration shall give serious attention to providing special treatment for T.B. and suitable Hospital accommodation on such a scale as to put these advantages at the disposal of <u>all</u> - - communities and <u>all sexes</u> in the Civil and Military Station.

I fully realize that the present period is one of great financial stringency, but none the less, I am convinced that it would be a great misfortune if we allowed such a promising Institution as the Zenana Mission Tuberculosis Hospital to close its doors and terminate its most valuable work for the community on account of the lack of timely assistance from the funds of the Assigned Tract.

12. I request that orders of the Government of India may

119

may kindly be communicated to me at a very early date.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut. Col.

R E S I D E N T.

D.O.

To

Dr. Miss M. Neal,

Zenana Mission,

Tuberculosis Hospital,

Bangalore.

Subject: Recurring grant to the Zenana Mission Tuberculosis Hospital at Bangalore.

My dear Dr. Neal.

I am desired to acknowledge the receipt of your D.O. letter, dated the 5th May 1931, and to inform you that subject to the guarantees mentioned in para 2 below, the Government of India are pleased to sanction for the Zenana Mission Tuberculosis Hospital at Bangalore a recurring grant-in-aid of Rs.10,000/- (Rupees ten thousand) per annum from the Assigned Tract Revenues, with effect from the 1st November 1931.

2. The Zenana Mission Committee may kindly be asked to guarantee:-

1) the maintenance of their grants to the hospital to the extent they have hitherto

S. 5.

MGIPC—S1—768(G1)DCF—(G-848)—11-7-29—50,000 Pads.

hitherto done, with the exception of the su now about to be cut from November 1931.

2) that the Society undertake to maintain in the hospital a fully qualified European Lady Doctor with British qualifications, with special experience in tuberculosis and with adequate medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis (viz. Induction of Pneumothorax, Phrenic avulsion, surgery of tuberculous glands and abscesses) and two European Nursing Sisters.

S.N.10.

3) they will be asked to permit the Residency Surgeon or his Deputy to visit the hospital from time to time and ascertain to what extent Government's money is being usefully employed. The Residency Surgeon or his Deputy should have power to make suggestions towards the proper conduct of the hospital if necessary.

4) The Zemana Mission Tuberculosis Hospital will undertake to receive on the recommendation of the Residency Surgeon a certain number of female cases who may apply at the C & M Station hospitals and dispensaries for T.B. treatment and whom he may desire to refer to the Zenana Hospital for medical aid.

The Hon'ble the Resident trusts that the Committee will have no objection to give the guarantees referred to above.

3. Further communication on the subject may kindly be made through the Residency Surgeon, Bangalore.

Yours sincerely,

T. N. Thangavel

Bangalore 25th. August 1931

My dear Kirkbride,

I am forwarding to you a letter received from Dr. Miss Neal. As you see, she asks for insertion of a further condition before submitting the letter to the Church of England Zenana Mission. Would you kindly submit the matter to the Resident for his consideration. I believe that the condition is a very reasonable one, and might be inserted. I am, however, not of opinion that if the Church of England Zenana Mission found it impossible to comply with this condition at present, that we should therefore call the Grant"off". We must keep it, provided the other conditions are accepted.

OFFICE OF THE RESIDENT IN MYSORE.

SNG 1 / 28

cs/8

Dear Col. McPherson,

S.N.6. I enclose a copy of
(J) the letter from Capt. Kirkbride
about our Hospital Grant.
I expect you have already
seen it.

There is one condition
which has been on. Her
that I am concerned about.
I would like to have
assured if this can be
done - this the question
that was raised when you

Considered the original
draft of the Appeal +
the question of the European
Nursing Staff -
There ought to be 2 Sisters
here, if the work is to be
properly done, & I think
Mrs with hold food as long
as there needs to be a
European doctor!
I know the Ct. Z. Bds + Rees
Sanders to economise with
workers - not a fine economy -
& if it is possible to get
this condition included before
sending Home the letter, I think
it would be a good thing -
Shall I see Capt. Whitbread about
it, or will you? Yours sincerely
H.A. Neal

RECURRING GRANT TO THE ZENANA MISSION TUBERCULOSIS HOSPITAL AT BANGALORE.

Dear Major Kirkbride,

S. Ns. 6 & 10 (L) (N)

I beg to acknowledge with thanks receipt of your demi-official letters No. 6080 and 6299 informing us that the Government of India has been pleased to sanction, subject to certain conditions, a recurring grant-in-aid of Rs.10,000 per annum to this Hospital from November 1931.

A copy of the conditions has been forwarded to the Secretary, Church of England Zenana Missionary Society, for acceptance by the Society.

Will you please convey to the Hon'ble the Resident how deeply grateful we are for his help at this financial crisis, and that thanks to this grant which he has obtained for us, the Hospital will not have to close down, but will be able to carry on its work.

Yours sincerely
M. I. Neal

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Subject:- Recurring grant of Rs.10,000/- to the Zenana Mission Tuberculosis Hospital, Bangalore.

-:0:-

Sir,

I have the honour to state that the recurring grant of Rs.10,000/- per annum sanctioned to the Zenana Mission Tuberculosis Hospital, Bangalore, in Government of India, Foreign and Political Department memo No.D/1784-A/31 dated 14-8-1931 is conditional - subject to the fulfilment of the guarantees referred to in para 9 of Resident's letter No.4734/244-1930 dated 6-7-1931 to the - Government of India and to enquire whether the Zenana Mission Committee have agreed to the guarantees referred to above.

S.N.5 (A)

S.N.4 (B)

It may be stated that one of the conditions precedent to the payment of the grant would be that it should be certified by the Residency Surgeon that the conditions, under which the grant has been sanctioned, are being fulfilled. It is requested that the Residency Surgeon may kindly be asked to give the certificate annually at the time of application for the payment of the grant.

I have the honour to be,

Sir,

Your most obedient servant,

Pay and Accounts Officer.

Dear Col. McPherson,

I have received the enclosed letter from the Corresponding Secretary of the C.E.Z.M.S. in Madras who represents the C.E.Z.M.S. in this part of India. Will you tell me whether I should get him to write to the Resident accepting the conditions of the grant, or whether the General Secretary of the Mission at home should do it, or whether I should do it.
I am sorry to ask so many questions, but we are not used to Government grants ! !

Yours sincerely,

Sd. Mayard Neal.

O/C
H2/1

137

Extract from letter from the Rev.-Mortimore (Clerical Secretary to the Church of England Zenana Missionary Society Headquarters) to the Corresponding Secretary in Madras (Canon Peachey).

"In regard to the Government grant, the Committee are quite willing to accept the conditions, namely that the Society should be responsible for maintaining a duly qualified doctor and also two European nurses etc.

In regard to Special Remittances. These will be forwarded as hitherto as they come in, though of course the Society cannot guarantee the permanence of any particular Special Remittance.

The Committee would prefer that this arrangement should be for a period, in the first instance, of say three or four years, with twelve months notice on either side and a mutual option to extend the period at the end of this time. Their reason for making this condition is the possible difficulty of maintaining the personnel with qualifications for T.B.work.

It is of course to be understood that the committee are free to continue the work of the hospital under existing conditions that is with a certain proportion of beds for the treatment of non-T.B. patients.

The Committee are grateful to Dr. Neal for being willing to stay on for a further few months, to allow of time for the possible need of training her successor. I am writing to her separately in answer to her letter. I hope there will be no difficulty in coming to a satisfactory arrangement.

Will you let me know whether the Resident Governor would wish for a letter from Headquarters or anything in the way of an official agreement, or whether as I expect is the case, these things are done locally."

O/C

D.O.No. 7478-E-2 Shll

38

/

15th October 1931.

Recurring grant to Zenana Mission
Tuberculosis Hospital, Bangalore.

My dear Colonel,

S.N.15
S.N.5

Your letter dated the 10th October, 1931.

In memorandum No. D.1784-A/31, dated the 14th August, 1931, the Government of India in the Foreign and Political Department were pleased to sanction for the Zenana Mission Tuberculosis Hospital at Bangalore a recurring grant-in-aid of Rs.10,000/- (Rupees ten thousand) per annum from the Assigned Tract Revenues, with effect from the 1st November,

S.N.4

1931, subject to the guarantees mentioned in paragraph 9 of the Resident's letter No. 4734/244-1930, dated the 6th July 1931. The grant will therefore be continued as long as the Corresponding Secretary of the Church of England Zenana Mission Society in Madras continues to implement these guarantees annually. If, in any year, the Secretary is unable to satisfy the conditions of the grant, it will not be paid. It is not therefore necessary that this arrangement should be for a period, in the first instance, of say three

34

three or four years, with twelve months notice on either side and a mutual option to extend the period at the end of this time. In the circumstances I request that this may be explained to the Corresponding Secretary of the Church of England Zenana Mission Society in Madras. While applying for this grant to this Residency every year, you are requested to give a certificate to the effect that the conditions under which the grant has been sanctioned are being fulfilled. In this connection please see letter
S.N. 13 No. P/B.3344, dated the 21st September, 1931, from the Pay and Accounts Officer, Bangalore, a copy of which was
S.N. 14 forwarded to you with my endorsement No. 7428, dated the 14th October, 1931.

3. The enclosures to your letter are returned.

Yours sincerely,

O/C

To

The Secretary to the Hon'ble the Resident,

Bangalore.

SIR,

Subject:- Grants-in-aid to the Church of England Zenana Mission Tuberculosis Hospital, Bangalore - Rs. 5000/- for the first half of 1932-33.

I have the honour to invite a reference to memorandum No. D.1784-A/31 dated 14-8-1931 from the Government of India in the Foreign and Political Department in which a recurring grant-in-aid of Rs. 10,000/- per annum was sanctioned to the Hospital named above subject to certain conditions and to state that the grant is payable annually if the application for the grant is supported by a certificate from the Residency Surgeon that the conditions under which the grant has been sanctioned have been fulfilled,- Vide Article 306 1 (c) of the Audit Code, Volume I and also letter No. P.R. 3344 dated 21-9-1931 from the Pay and Accounts Officer, Bangalore addressed to you.

2. In the Proceedings of the Hon'ble the Resident No. 5079 dated 18-12-1931, a grant of Rs. 5000/- has been sanctioned for the first half of 1932-33 on the strength of the certificate of the Residency Surgeon dated 5-7-1932 that the Hospital authorities continue to fulfil the conditions associated with the Grant. As the certificate of the Residency Surgeon is dated 5-7-1932, it cannot obviously be taken to cover the entire period from 1st April 1932 to the 30th September 1932.

541

3. I would therefore request to be furnished with information on the following points.

(1) the total amount of the grant to be paid to the hospital by the Zenana Mission Committee every year under the terms of the agreement

(ii) the total amount so far contributed by the mission during the current year and

(iii) the circumstances under which the grant is being disbursed in instalments when the sanction is for an annual payment.

Dear Colonel McPherson,

In reply to the communication No. 1929/151, received from your Office on Dec.3 1932, Iam enclosing the necessary information.

You will remember that you asked me to send you by letter the facts of the matter about which I came to see you on Saturday. The facts are briefly these.

I find that I cannot take a special course in tuberculosis at Madanapalle unless I can go there for a period of six months. During that time there seems no possibilty of getting anyone specially qualified in tuberculosis work to carry on the work here. It therefore appears impossible for us to fulfil completely at present the conditions under which we hold the grant from Government. If however the grant were withdrawn the Hospital would have to close for lack of funds.

Under these circumstances would the Government consider continuing the grant while I am at Madanapalle, if we can find a suitable doctor to take my place during my absence? Though not with special experience in tuberculosis work.

I have written to Dr. Agnes Scott, of the Womens' Medical Service, Delhi, to ask her if she can suggest anyone suitable, and I am also making enquiries elsewhere. I will let you know the result of these enquiries.

Yours Ssincerely,

L. G. Parsons.

SIR 35 165

Zenana Mission Tuberculosis Hospital.

Miss A. C. Norgaard, Matron.

COLONEL HILL ROAD,
BANGALORE CANTT.

In formation required by the Accountant General, Madras, C.A. Section.

(1) The total annual maintenance grants the Mission authorities had been paying till November 1931.

Year	Grant. for maintenance.	English donations, etc.
1923	Rs. 9,499	Rs. 5,107-13-10
1924	Rs.12,062	Rs. 3154-2-10
1925	Rs. 7,491	Rs. 3,670-0-3
1926	Rs. 5,341	Rs. 4,069-12-2
1927	Rs . 6,305	Rs. 3,728-5-2
1928	Rs. 7,700	Rs. 5,060-7-7
1929	Rs. 7,169	Rs. 4,480-10-2
1930	Rs.8,630	Rs. 3,872-10-2
1931	Rs. 7,353	Rs. 3,892-11-1

(2) The sum by which the above grants were cut subsequently,

The total annual maintenance grant was discontinued. This as shown above, varied from Rs. 7,000 to Rs. 8000.— with the exception of Rs. 1800 p.a. for the salary of a Second European Nursing

9/ (3) A copy of the Mission's letter or agreement showing the above terms as well as the contribution of Rs. 1800 referred to in your letter under reply.

The Zenana Mission Committee guaranteed:-

(a) The Society undertakes to maintain in the hospital a fully qualified Lady European Doctor with British qualifications, with special experience in tuberculosis, and with adequate medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis (viz. Induction of Pneumothorax, Phrenic evulsion, surgery of tuberculous glands and abscesses), and two European

No. 8699 Dated 22/12/1932

From

The Hon'ble the Resident in Mysore.

To

The Political Secretary to the Government of India, Foreign and Political Department.

Subject:- Recurring grant to the Zenana Mission Tuberculosis Hospital at Bangalore.

Sir,

I have the honour to refer to Mr. Gupta's memorandum No.D.1784-A/31, dated the 14th August, 1931, sanctioning for the Zenana Mission Tuberculosis Hospital at Bangalore, a recurring grant-in-aid of Rs.10,000/- per annum, subject to the guarantees mentioned in paragraph 9 of my letter No.4734/~~244-1930~~, dated the 6th July, 1931.

2. According to the guarantee mentioned in paragraph 9(2) of my letter referred to above, the Church of England Zenana Mission Society should undertake to maintain in the hospital a fully qualified European Lady Doctor with British qualifications, with special experience in Tuberculosis and with adequate medical and surgical ability to carry out the interventions now required in the up-to-date treatment of Tuberculosis.

These qualifications were possessed by Dr. Miss M. Neal, former Lady Doctor of the Zenana Mission Tuberculosis Hospital, Bangalore, who has gone on leave. The present incumbent is a Miss I.G.Parsons, M.R.C.S., L.R.C.P., who is not specially qualified in T.B. work and who will need a special six months' course of training at Madanapalli to make her so. She is anxious to take this course immediately. During her absence there seems no possibility of getting anyone specially qualified in tuberculosis to carry on the work here and it therefore appears impossible for the Church of England Zenana Mission Society to fulfill completely at present the conditions under which they hold the grant from Government.

3. In the circumstances, I recommend strongly that the condition referred to above may be waived temporarily while Miss Parsons is taking her special course, the alternative, which would be regretable, being to allow the Zenana Mission Hospital to lose the grant which will mean the closing of the Hospital.

SIR,

Sub; Grants-in-aid to the Church of England Zenana Mission Tuberculosis Hospital, Bangalore. Rs.5,000/- for the first half of 1932-33.

With reference to your letter No.153/281-1931 dated 7th January 1933 on the subject mentioned above, I have the honour to request that further information as specified below may kindly be furnished.

i. The pay of the European Lady Doctor in-charge-of the Hospital.

ii. The pay of the two European Nursing sisters before and after July 1931.

iii. A copy of the Mission's letter or agreement containing the terms guaranteed by them in connection with the grant of Rs.10,000/- to the hospital.

iv. The total amount of grant which was contributed by the mission for the period ending November 1931 and which is the standing amount to be contributed year after year under the terms of the agreement.

2. It is presumed that, for the purpose of determing the annual maintenance grants contributed by the Mission, both the Grant for maintenance and English Donations should be taken into account.

To

The General Secretary to the Church of
England Zenana Missionary Society,
Headquarters, London.

Dated, Bangalore, the 15th Feby. *193* 3.

Subject.

Grant-in-aid to the Zenana Mission Tuberculosis Hospital, Bangalore.

SIR,

S.N. 6/6. (2)

I am directed to refer to your letter addressed to the Corresponding Secretary to the Church of England Zenana Mission Society in Madras in which it is stated that your Committee are quite willing to accept the conditions associated with the Government grant of Rs.10,000/- per annum payable to the Zenana Mission Tuberculosis Hospital, Bangalore.

S.N. 4. (R)

2. According to the conditions, the Church of England Zenana Mission Society, should, among other things, undertake to maintain in the Hospital a fully qualified European Lady Doctor with British qualifications, with special experience in Tuberculosis and with adequate medical and surgical ability to carry out the interventions now required in the up to date treatment of Tuberculosis. These qualifications were possessed by Dr. Miss M. Neal, former Lady Doctor of the Zenana Mission Tuberculosis Hospital, Bangalore, who has gone on leave. The present incumbent Miss I. G. Parsons, M.R.C.S., L.R.C.P., is not specially qualified in T.B. work and therefore she has to unde

Grants-in-aid to above hospital.

With reference to letter No.2484/151 dated 13-2-1933.

1. The pay of the European Lady Doctor in charge is Rs 150/-p.m.

2. The pay of the European Nursing Sisters:-

Miss Jackson (On Special Agreement)	...	Rs 160/-p.m.
Miss Shaw	...	Rs 150/-p.m.

3. Copy of C.E.Z.M.Society's letter accepting the Agreement with Government. "In regard to the Government Grant, the Committee are quite willing to accept the conditions, namely; that the Society should be responsible for maintaining a duly qualified doctor and also 2 European nurses. In regard to Special Remittances these will be forwarded as hitherto as they come in, though of course the Society cannot guarantee the permanence of any particular Special Remittance. The Committee would prefer that this arrangement should be for a period, in the first instance of say 3 or 4 years, with 12 months' notice on either side, and a mutual option to extend the period at the end of this time. Their reason for making this condition is the possible difficulty of maintaining the personnel with qualifications for T.B. work. It is, of course, to be understood that the Committee are free to continue the work of the Hospital under existing conditions that is, with a certain proportion of beds for the treatment of non T.B. patients."

4. The following amounts were received from England in 3 years:-

	1929	1930	1931
Grant ...	Rs 7169	Rs 8630	Rs 7353
Beds' Support ...	Rs 2464	Rs 3051	Rs 2465

Ref. No. 1188.
281-1931.

Dear Sir,

S.N.45 (I)

I am in receipt of your letter of the 15th ult., with reference to the grant-in-aid made by the Government of India to our Tuberculosis Hospital at Bangalore. I am writing on behalf of the Committee to express our gratitude to the Honourable the Resident for generously recommending to the Government of India that the condition under which the Government Grant was given might be waived temporarily while Miss Parsons is taking her special course at the Sanatorium at Madanapalle.

We quite realise our responsibility in this matter. At the same time, in spite of every endeavour we were not able to succeed in finding a doctor with the requisite specialised training to take over immediately on Miss Neal's retirement. We had hoped that Miss Parsons might have taken the necessary training in England before sailing, but we understood that her presence in the field was so urgent a need that it was better for her to have the instruction at the Sanatorium. I need not say that we shall make every effort not to allow a recurrence of the gap between the going of one doctor and the coming of another.

In conclusion, I would again express our gratitude to the Government of India, and also to the Honourable the Resident, for their sympathetic and considerate action in the matter.
